STATE HEALTH OFFICER'S REPORT

December 27, 1946

Board of Selectmen and
Board of Water Commissioners
Sunapee, N. H.

Gentlemen:

After the hearing on the Georges Mills water supply held in Concord, New Hampshire, on December 9, 1946, before the State Board of Health, the writer was directed by the board to issue the following orders as provided for in section 21, chapter 166, Revised Laws:

Whereas, having found that there exists certain hazards in the form of cottages, improper sink drainage, boating, bathing, lumbering operations, along with prospects of an increased cottage building progress on Ledge Pond, the source of water supply for Georges Mills in Sunapee, and

Whereas, the State Board of Health has deemed it necessary to take action in order to give adequate protection to the public health,

Therefore, after due hearing and consideration as provided under the authority of section 21, and section 15, chapter 166, Revised Laws, the State Board of Health is hereby issuing the following order and regulations:

- (1) The Board of Selectmen or Board of Water Commissioners and/or any other commission or board authorized to act, shall install an adequate, automatic, hydraulically operated chlorinator on the Georges Mills water supply, this device to be installed and in operation not later than June 1, 1947.
- (2) Under the authority of section 15, chapter 166, Revised Laws, the State Board of Health has adopted the following regulations for the protection of the purity of the water of Ledge Pond in Sunapee. These regulations shall be

considered to be in force as of the time of adoption (December 9, 1946) and shall remain in force until rescinded.

*Regulations of the State Board of Health for the
Protection of the Purity of the Waters of
Ledge Pond in Sunapee*

Article 1. No person shall bathe or swim in said pond east of the center line of the most westerly island.

Article 2. No person shall boat or fish in said pond east of the center line of the most westerly island.

The above actions were taken in order to provide for immediate protection of the public health and are to be considered as being temporary in nature until the hearings are completed and other regulations or actions are considered or effected by the board. However, in regard to the contemplated order relative to the purchase of land and other protective measures, the Board has decided to continue these hearings. Ample notice as to the date and if these hearings will be given.

Very truly yours,

JOHN SAMUEL WHEELER, M. D.
State Health Officer.

REPORT OF THE PUBLIC HEALTH AND SCHOOL NURSE

As Public Health and School Nurse of Sunapee, I submit the following report for the year ending December 31, 1946:

Home Visits:

Nursing—Medical, surgical and social service	1,280
Antepartum	10
Postpartum	13
Infant welfare	44
Preschool	102
School home	191
School visits—Class room	616
Accompanied to hospital	19
Accompanied from hospital	9
Accompanied to doctor	85
Accompanied to dentist	58
Accompanied to oculist	9
Accompanied to optometrist	8
Accompanied to optician	1
Accompanied to chiropodist	2
Accompanied to orthopedic clinic	6
Accompanied to T. B. clinic	14
Accompanied to cancer clinic	1
Business calls	49
Home office	67
Meetings attended	6
Diphtheria toxoid clinics	2
Conferences	3
Assistance at T. B. clinic	1
 Total calls	 2,596

In January and February, two diphtheria toxoid clinics were held at the school. Ninety children were immunized of which number seventy-three were in the lower grades, sixteen were of preschool age and one was under one year. Dr. Munro gave the toxoid, assisted by Elizabeth Carriel, R. N., N. H. Public Health Nurse.

Near the end of the last school year, we had a few cases of whooping cough and this fall, there was a very severe epidemic of measles.

In December, thirty-five (35) basketball players were examined by Dr. John Munro. None were disqualified.

Many pupils have been referred to the doctor, dentist, oculist or various clinics for special attention.

The expansion of the school lunch program as provided by Public Law 396 of the U. S. Dept. of Agriculture makes possible a larger and more nutritious lunch during the winter months which should benefit the health of the pupils taking advantage of this opportunity.

I wish the people of Sunapee, the Board of the Lake Sunapee Nursing Association, the doctors, parents, teachers, local organizations, our pastor and the town officials to know how deeply I appreciate the help and cooperation given to our nursing program.

Respectfully submitted,

FLORENCE P. ROLLINS, R. N.

ENGINEERS' REPORT OF THE FIRE DEPARTMENT

Year Ending December 31, 1946

1946 was a very good year, no fires except two small brush fires, and a number of chimney fires without much damage.

The equipment is in very good condition, and we added a number of new things that were much needed, besides 1,000 ft. of new hose.

LIBRARIAN'S REPORT

The library has been open twenty years this past June. The building has stood up well during this time and has needed few repairs. We have some water seepage in the basement, and it has been planned to have the windows caulked and the cement water proofed.

It has seemed advisable to the trustees to look forward to installing an oil burner to heat the building. There are many days in spring and fall when a little heat is necessary and then no doubt oil would be more economical.

A small umbrella rack was given to the library by Alice Osborne.

SUPERINTENDENT'S REPORT

To the Sunapee School Board:

I herewith submit my thirteenth annual report as superintendent of schools.

Enrollment

There are at present 227 pupils in the Central School, the largest enrollment in recent years. Of this number 66 are in senior high school. The high school will probably be even larger next year. The continued high enrollment makes it very desirable to maintain the present organization with four teachers handling the first six elementary grades. In this way no teacher has more than 35 pupils in the room. If there were only three teachers for these six grades (as formerly) some rooms would be burdened with 45 or more pupils.

Hot Lunch

The federal government is now assisting schools to provided hot lunches for those pupils who remain over the noon hour. Half the cost of necessary equipment is paid by the government and for each lunch served to a pupil the government contributes six cents for the type of meal served in Sunapee. We have purchased dishes and equipment amounting to \$177.63. About 100 pupils are enjoying a hot lunch daily, consisting of a hot dish, milk, bread and butter, vegetable or fruit. This project is too large to be handled entirely by the home economics department, although the teacher plans the menus and has general charge. We hire a cook to prepare the meals. Pupils help serve and clean up. The charge per meal is twenty cents, which, with the government contribution of six cents per meal, we expect will make the service self-supporting.

Teachers' Salaries

Throughout the entire country we are experiencing a real crisis in the matter of school teachers. Thousands have left the profession and very few are preparing to become teachers. In this school union (Newport, New London, Sunapee, and Springfield) 67 teachers have left us during the past three years (1943-46). Of this number 8 resigned on account of marriage, 33 went to other teaching positions, 23 left the profession, and 3 were dismissed. It would seem therefore that most of those teachers found their positions here rather unattractive.

The country has rather suddenly awakened to a realization that teachers, to whom parents entrust the development of their children, are very poorly paid. The teachers themselves have known this right along. Now, many of them are taking more remunerative positions. As a result there are not enough qualified teachers to operate our schools. We have had to place in classrooms almost anybody, regardless of preparation of experience. In some cases this is unfortunate for the pupils. In some cases schools were closed. Unless the teaching profession is made more attractive many positions will be unfilled, or, perhaps even worse, poorly filled.

As to the sources of our teacher supply, a study of the past three years in this school union shows that we secured 25 from other schools in New Hampshire, 12 from our two teachers' colleges, 4 from New Hampshire University, 14 from other states, 5 certified teachers returning to service, and 10 with permits. The largest group comes from neighboring schools and a substantial group comes from out of state. These are experienced teachers and will expect more than beginners' salaries. Beginning teachers are now asking—and getting—higher salaries than our present maximum!

In our teachers' colleges this year only about two dozen girls will be graduated as elementary teachers. Normally this state has about 150 elementary vacancies. Our crying need is not merely increased salaries for those now in our schools, but a standard of working conditions will induce young people to enter our schools as teachers just as soon as possible.

Bartlett Prize Speaking

The annual prize speaking contest was held in the open-air theatre June 3, 1946, with nine pupils competing. The awards by the judges were as follows: First prize, John Sargent, reciting "The Tell Tale Heart" by Edgar Allen Poe. Second prize, Rita Digilio, reciting "The Bishop's Candlesticks" by Victor Hugo. Third prize, Rita Pepin, reciting "Homes of the People" by Henry W. Grady.

The S. A. R. citizenship medal, awarded annually to the outstanding pupil in grade eight, was presented to Stella Fleming.

I want to express my personal appreciation to the teachers who have faithfully stood by to keep the schools in operation and to all others who have supported our educational program.

Respectfully submitted,

ALFRED W. SMITH,
Superintendent of Schools.
